## Colombia, South America

### Ministry & Outreach Center CarePoint Puerto Gaitan

*Compassion Connections is “connecting” a school and church with others who care to bring hope and help to an isolated and underserved population living in the plains area of central Colombia. An indigenous group of nearly 400 people called the Guahibo (above right) living in that region have suffered much violence throughout their history. Currently, there is no Gospel witness or Christian churches in that area.*

*Today, doors of opportunity are open to share the love of Jesus with them and locals in that area. The staff and students of the Victory School have entered those doors by collecting much needed items of clothes, shoes, hats, etc. to give to them.*

*Because the school is located hours away the construction of a new Ministry & Outreach Center CarePoint is underway. A home for missionaries to live while serving is currently under construction (far right).*

*An Agri-business is planned to raise poultry, vegetables, and small animals for food and funds to help support the training of students and staff from Victory School in missions along with others from other countries being invited to come serve the people of this area.*

## Costa Rica, Central America

### Food Service Training Center and Bakery CarePoint Puerto Viejo - Limon

*Puerto Viejo in Limon is a beach resort located on the southeastern coast of Costa Rica. It has an international reputation for being a tourist destination without the big hotels and overbearing traffic. Local ministries report that when people from all over the world come to have a “good time” that often the good times may be at the expense of the health, safety and well-being of local women and children often solicited for money and pleasure.*

*Compassion Connections was invited to partner with a local church in the area offering spiritual care and a recreational space underroof for outreach and ministry to youth featuring skate boarding and after-school tutoring for children. Many of the children are food insecure.*

*A CareProject offering the Hope of the Gospel applied to daily life and job training was begun with jobs created and food provided for local children and families in*

*need, in a secure environment.*

**Food Service Certification training helped graduates (above) to get jobs or start businesses. A kitchen was up-fitted for the training and to start a bakery business selling bread and pastries to the public. Profits from sales help support the ministries, create jobs and purchase food for volunteers and staff to feed hungry children and their families in the area.**

**Compassion Connections está "conectando" una escuela y una iglesia con otros que se preocupan por llevar esperanza y ayuda a una población aislada y desatendida que vive en las llanuras del centro de Colombia. Un grupo indígena de casi 400 personas llamado Guahibo (arriba a la derecha) que vive en esa región ha sufrido mucha violencia a lo largo de su historia. Actualmente, no hay testimonio del Evangelio ni iglesias cristianas en esa zona.**

**Hoy, las puertas de la oportunidad están abiertas para compartir el amor de Jesús con ellos y los locales de esa zona. El personal y los estudiantes de Victory School han entrado por esas puertas recolectando artículos muy necesarios de ropa, zapatos, sombreros, etc. para dárselos.**

**Porque la escuela está ubicada a horas de distancia.**

**la construcción de un nuevo Ministerio y Alcance El Centro CarePoint está en marcha. un hogar para misioneros a vivir mientras sirven está actualmente bajo construcción (extremo derecho).**

**Se planea una Agroindustria para criar aves, verduras y animales pequeños para alimento y fondos para ayudar a apoyar la capacitación de los estudiantes y el personal de Victory Escuela en misiones junto con otros de otros países siendo invitados a venir a servir a la gente de esta área.**

## Nigeria, Africa

# Well and Sanitation Station Benue and Abia State

*Compassion Connections and USAfrican Outreach Foundation (USAOF) have partnered together to launch CareProjects in Benue and Abia State of Nigeria, Africa bringing necessary food, water and the Gospel to oppressed and underserved people in that country. Religious persecution, government abuse, an inadequate medical system and deadly violence from terrorist groups such as Boca Haram leave the people desperate and with few resources.*

*Over the past 3 years, a USAOF Mission Store helped feed and clothe several communities and 2 wells were drilled to provide life giving water to tens of thousands of desperate men, women and children. Those coming for water receive pastoral care through a Water of Life Ministry offered at each well drilled by Compassion Connections.*

*In 2023, a new CareProject will drill a new well and build a Sanitation Sanitation Station in Abia State near two public schools and will provide water for a new Youth Soccer Outreach and Family Ministry CareProject to begin this year. The project will serve more than 90,000 people from 6 communities and will help prevent the personal and socially linked hygiene problems, illnesses (even death of more than 100 children) due to unsafe water and sanitation issues.*

#### NIGERIA, ÁFRICA CAREPROJECTS – Nuevo pozo y estación de saneamiento

Compassion Connections y USAfrican Outreach Foundations se han asociado para lanzar CareProjects en Benue y Abia, estado de Nigeria, África, para llevar los alimentos, el agua y el Evangelio necesarios a las personas oprimidas y desatendidas de ese país. La persecución religiosa, el abuso del gobierno, un sistema médico inadecuado y la violencia mortal de grupos terroristas como Boca Haram dejan a la gente desesperada y con pocos recursos.

Durante los últimos 3 años, una tienda de la misión ha ayudado a alimentar y vestir a varias comunidades. Se perforaron dos pozos para proporcionar agua vital a decenas de miles de hombres, mujeres y niños desesperados. Aquellos que vienen por agua reciben atención pastoral a través de un Ministerio de Agua de Vida ofrecido en cada pozo perforado por Compassion Connections.

En 2023, un nuevo CareProject perforará un nuevo pozo y construirá saneamiento en el estado de Abia cerca de dos escuelas públicas y para un nuevo CareProject de fútbol juvenil y ministerio familiar que El proyecto atenderá a más de 90.000 personas de 6 comunidades y los problemas de higiene personales y sociales, enfermedades (incluso la 100 niños) relacionadas con el agua sucia y los problemas de
