

Costa Rica, Central America

Food Service Training Center and Bakery CarePoint

Puerto Viejo - Limon

Puerto Viejo in Limon is a beach resort located on the southeastern coast of Costa Rica. It has an international reputation for being a tourist destination without the big hotels and overbearing traffic. Local ministries report that when people from all over the world come to have a "good time" that often the good times may be at the expense of the health, safety and well-being of local women and children often solicited for money and pleasure.

Compassion Connections was invited to partner with a local church in the area offering spiritual care and a recreational space underroof for outreach and ministry to youth featuring skate boarding and after-school tutoring for children. Many of the children are food insecure.

A CareProject offering the Hope of the Gospel applied to daily life and job training was begun with jobs created and food provided for local children and families in need, in a secure environment.

Food Service Certification training helped graduates (above) to get jobs or start businesses. A kitchen was up-fitted for the training and to start a bakery business selling bread and pastries to the public. Profits from sales help support the ministries, creates jobs and purchases food for volunteers and staff to feed hungry children and their families in the area.

Proyectos de atención 2023

Colombia, América del Sur

Centro de Ministerio y Alcance CarePoint

Puerto Gaitán

Compassion Connections está "conectando" una escuela y una iglesia con otros que se preocupan por llevar esperanza y ayuda a una población aislada y desatendida que vive en las llanuras del centro de Colombia. Un grupo indígena de casi 400 personas llamado Guahibo (arriba a la derecha) que vive en esa región ha sufrido mucha violencia a lo largo de su historia. Actualmente, no hay testimonio del Evangelio ni iglesias cristianas en esa zona.

Hoy, las puertas de la oportunidad están abiertas para compartir el amor de Jesús con ellos y los locales de esa zona. El personal y los estudiantes de Victory School han entrado por esas puertas recolectando artículos muy necesarios de ropa, zapatos, sombreros, etc. para dárselos.

Porque la escuela está ubicada a horas de distancia.

la construcción de un nuevo Ministerio y Alcance El Centro CarePoint está en marcha. un hogar para misioneros a vivir mientras sirven está actualmente bajo construcción (extremo derecho).

Se planea una Agroindustria para criar aves, verduras y animales pequeños para alimento y fondos para ayudar a apoyar la capacitación de los estudiantes y el personal de Victory Escuela en misiones junto con otros de otros países siendo invitados a venir a servir a la gente de esta área.
